FIRE PREVENTION WEEK

OCTOBER 8-14, 2017

firepreventionweek.org

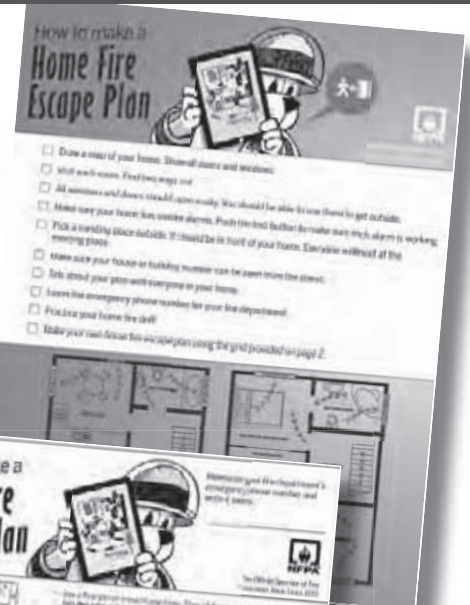

In a fire, seconds count.

Seconds can mean the difference between residents of our community escaping safely from a fire or having their lives end in tragedy. That's why this year's Fire Prevention Week theme: "Every Second Counts: Plan 2 Ways Out!" is so important. It reinforces why everyone needs to have an escape plan.

- With all members of your household, draw a map of your home using the grid found at www.nfpa.org. Mark two exits from each room and a path to the outside from each exit.
- Practice your home fire drill twice a year. Conduct one at night and one during the day with everyone in your home, and practice using different ways out.

- Teach children how to escape on their own in case you can't help them.
- Make sure the number of your home is clearly marked and easy for the fire department to find.
- Close doors behind you as you leave – this may slow the spread of smoke, heat, and fire.
- Once you get outside, stay outside. Never go back inside a burning building.
